Dear Ones at home

I received your letter
this eve glad to hear from
you all but sorry you worry
so about me, I'm all right
I haven't time to be sick anyway
I wish you would get to bed
sooner, don't stay up so late
let your work go, ~~and~~ and
get your sleep

I got a letter from Arthur
this eve too will send it
to you

I guess I told you about
getting some bedsprings of
Mr Bolderson. I asked

CM

2) Mr Frances about renting his
garage and couple of rooms
in his house, but he has not
given me an answer yet so
don't know what to ~~do~~ do
Mr Balderson said we could
have their tent when they
got moved into the house
but that will be not be
very soon. I have not been
down to the office to see about
getting a tent yet but will
go as soon as I can

I think all you will need
to bring will be some bed
clothes

Don't worry about sending any
thing to eat, as there is lots of
such thing here now—

Well ~~we~~ we have got another
garage and house to build, so I

CM

3) guess we will be busy for
a while and prospects for
more. My wish you all were
here and were settled down
I dread that long and tiresome
move

It is lonesome I can tell you
without you all. it seems
as if it had been a year
or more. I'm afraid you won't
get here in time to get any
fun ~~at~~ out of the convention
My how the wind blows and
how cold; must close and go
to bed and get warm

wish I could see you all
tonight

Goodnight with
lots of love to all
from Daddy

Send Arthur's letter
back if you
please
